

# INTRODUCING HASP (HARD ARMOR SHOULDER PLATES)

## HASP

An ever-changing world calls for continuous updates in officer protection. The Hard Armor Shoulder Plate system, or HASP, is an advanced, lightweight, ballistic shoulder protection plate and carrier exclusive to the Armor Express product line. Available in Level IIIA, III, or III+ ballistic options, the HASP system offers added shoulder protection to your plate carrier or tactical kit. The HASP carrier was engineered with the latest laser cut material resulting in a durable, low-profile, reduced-weight product.

### HASPS AVAILABLE IN THREE ARMOR LEVELS

IIIA	.357 Sig & .44 Mag
III	7.62x51mm M80 & 7.62x39 MSC
III+	7.62x51mm M80, 7.62x39 MSC, M855/SS109
